LEAGUE COVENANT UNANIMOUSLY ADOPTED

ONE OF THE NOTABLE WORKS OF THE PEACE CONFERENCE INCORPORATED IN TREATY

SIR JAS ERIC DRUMMOND IS NAMED BY WILSON AS THE SECRETARY-GENERAL

PARIS, April 28.—(By The Associated Press)—The covenant of the league of nations in revised form, moved by President Wilson, was adopted today by the peace conference in plenary session without a dissenting vote.

The president's motion also named Sir James Eric Drummond, as secretary-general of the league and provided for a committee to inaugurate the league.

Thus one of the notable works of the conference passes its final stage and is incorporated in the peace treaty.

The French and Japanese amendments, after a brief discussion, were not pressed, and the way was thus cleared for unanimous acceptance of the league.

Italy was not represented at the session, but the name of Italy appears as one of the members of the league in the covnant as finally adopted. Nine labor principles were adopted for insertion in the treaty.

The session adjourned without considering the report on responsibilities providing for the trial of the former German emperor by five judges from the great powers. This report was handed in by the council of four and embodies in the peace treaty a provision for the former emperor's prosecution. This, however, has not yet been adopted by the plenary conference.

Session Opens at 3 o'Clock.

The plenary session of the peace conference opened at 3 o'clock this afternoon in the French foreign office under circumstances of unusual interest because of the fact that it was to be one of the last sessions before the meeting with the German delegates; that final action was to be taken on some of the main features of the peace treaty, notably the league of nations, responsibility for the war and the trial of the former German emperor and others, and because important labor clauses were to be inserted in the treaty.

For the first time at the conference sessions Italy was not represented, and the five seats of Premier Orlando and his colleagues remained vacant. The other delegations presented full ranks, and the scene was stirring as the French premier opened the session.

President Wilson was recognized at the outset for a detailed explanation of the new covenant of the league. His speech confirmed the explanation of the textual changes, most of which have already been noted, and named Belgium, Brazil, Greece and Spain on the league council and also on the committee to prepare plans for the first meeting of the league.

Baron Makino, head of the Japanese delegation, called renewed attention to the Japanese amendment on racial equality. He said that the race question was a standing grievance, which might become a dangerous issue at any time. The Japanese government and people, Baron Makino declared, felt poignant regret that the amendment had not been incorporated in the covenant, and announced an effort would be made to have the principle of racial equality adopted as part of the document.

Expresses Regret of Belgians.

Paul Hymans, representing Belgium, expressed the regret of the Belgian people at the selection of Geneva as the seat of the league of nations, while approving the high aims of the league.

The Uruguayan delegate announced the adhesion of his country to the league.

Leon Bourgeois, for France, renewed two amendments tending to give France additional security. One provided for the creation of a committee to ascertain and exchange military and naval programs, information regarding armaments and similar matters. The other provided for "a perenent organization for the purpose of considering and providing for naval and military measures to enforce obligations arising for the high contracting parties under the covenant, making it immediately operative in all cases of emergency.

M. Bourgeois argued that such security was essential to France because of the extended frontiers of that country.

The amendments were not passed. M. Clemenceau then put the question of the adoption of President Wilson's motion, which prevailed without a formal vote.

The covenant was declared adopted and the session proceeded to the labor report, reciting nine principles for inclusion in the treaty, which was also accepted.

After setting aside the report on war responsibilities for later consideration, the session adjourned.

Wilson Introduces Covenant.

The revised covenant of the league of nations was adopted by the plenary session of the peace conference this afternoon without division and without amendment. The covenant had been moved by President Wilson.

The Japanese and French amendments were withdrawn and it is understood that they have been left for decision by the league of nations itself.

M. Clemenceau announced the withdrawal of the amendments, and President Wilson's proposal that the covenant of the league of nations be adopted was carried.

There was not more than a moment's pause in honor of the creation of the league of nations, the conference then proceeding with regular programme.

The text of the labor principles for insertion in the treaty was adopted, and the conference adjourned without considering responsibilities.

George Nicoll Barnes, British delegate, explained the nine points which the labor commission wished embodied in the peace treaty. These were read by Sir Robert L. Borden, the Canadian premier.

The revised clauses say that the standard set by law regarding conditions of labor should have due regard for the equitable and economic treatment of all workers lawfuly resident in a country and also that a forty-eight hour week should be aimed at.

Explains Phrase Changes

Sir Ribert Borden said that the changes in the phraseology were the result of suggestions by different delegations and they had been accepted by all the great industrial nations.

M. Clemenceau, the president, declared the revised nine points carried.

Presentation of the amended league of nations covenant by President Wilson marked the opening of the session. The president then explained the various alterations and moved that the powers name representatives to form a committee of nine to prepare plans to organize the league and establish the seat of the league.

President Wilson said that Sir Eric Drummond of Great Britain had been named as the first secretary-general of the league.

Regarding the composition of the executive council, the president said that Belgium, Brazil, Greece and Spain would be represented on the council in addition to the five great powers until a permanent choice had been made.

Baron Makino, the head of the Japanese delegation in a speech at the session, said he regretted the omission of a racial equality clause Japan, he added, was obliged to revert to her original position on this question.

Baron Makino announced that the effort would be continued to have the racial equality principle adopted as a part of the covenant.

Wilson Explains Revised Covenent

PARIS, April 28.—(By the Associated Press)—Following is the text of President Wilson's speech before the plenary session of the peace conference today:

"Mr. President: When the text of the covenant of the league of nations was last laid before you I had the honor of reading the covenant in extenso. I will not detain you today to read the covenant as it has now been altered, but will merely take the liberty of explaining to you some of the alterations that have been made.

"The report of the commission has been circulated. You yourselves have in hand the text of the covenant, and will no doubt have noticed that most of the changes that have been made are mere change of phraseology, not changes of substance, and that, besides that, most of the changes are intended to clarify the document, or, rather, to make explicit what we all have assumed was implicit in the document as it was originally presented to you. But I shall take the liberty of calling your attention to the new features such as they are. Some of them are considerable, the rest trivial.

"The first paragraph of article 1 is new. In view of the insertion of the covenant in the peace treaty, specific provision as to the signatories of the treaty, who would become members of the league, and also as to neutral states to be invited to accede to the covenant, were obviously necessary. The paragraph also provides for the method by which a neutral state may accede to the covenant.

Withdrawal As Members.

"The third paragraph of article 1 is new, providing for the withdrawal of any member of the league on a notice given of two years.

"The second paragraph of article 4 is new, providing for a possible increase in the council, should other powers be added to the league of nations whose present accession is not anticipated.

"The two last paragraphs of article 4 are new, providing specifically for one vote for each member of the league in the council, which was understood before, and providing also for one representative of each member of the league.

"The first paragraph of Article 5 is new, expressly incorporating the provision as to the unanimity of voting, which was at first taken for granted.

"The second paragraph of Article 6 has had added to it that a majority of the assembly must approve the appointment of the secretary-general.

"The first paragraph of article 7 names Geneva as the seat of the league and is followed by a second paragraph which gives the council power to establish the seat of the league elsewhere, should it subsequently deem it necessary.

Equality of Employment.

"The third paragraph of article 7 is new, establishing equality of employment of men and women, that is to say, by the league.

"The second paragraph of article 13 is new, inasmuch as it undertakes to give instances of disputes which are generally suitable for submission to arbitration, instances of what have latterly been called 'justifiable' questions.

"The eighth paragraph of article 15 is new. This is the amendment regarding domestic jurisdiction, that where the council finds a question arising out of an international dispute affects matters which are clearly under the domestic justication of one or other of the parties it is to report to that effect and make no recommendation.

"The last paragraph of article 16 is new, providing for an expulsion from the league of certain extraordinary circumstances.

"Article 21 is new.

"The second paragraph of article 22 inserts the words 'with reference to mandatories and who are willing to accept it,' thus explicitly introducing the principle that a mandate cannot be forced upon a nation unwilling to accept.

"Article 23 is a combination of several former articles and also contains a clause providing for the just treatment of aborigines; a clause looking toward a prevention of the white slave traffic and the traffic in opium, and a clause looking toward progress in international prevention and control of disease.

"Article 25 specifically mentions the Red Cross as one of the international organizations which are to connect their work with the work of the league.

Amendment of Covenant.

"Article 26 permits the amendment of the covenant by a majority of the states composing the assembly, instead of three-fourths of the states, though it does not change the requirement in that matter with reference to the vote in the council.

"The second paragraph of article 26 is also new and was added at the request of the Brazilian delegation, in order to avoid certain constitutional difficulties. It permits any member of the league to dissent from an amendment, the effect of such dissent being withdrawal from the league."

"And the annex is added giving the names of the signatories of the treaty, who becomes members, and the names of the states invited to accede to the covenant. These are all the changes, I believe, which are of moment.

"Mr. President: I take the opportunity to move the following resolutions in order to carry out the provisions of the covenant. You will notice that the covenant provides that the first secretary-general shall be chosen by this conference. It also provides that the first choice of the four member states who are to be added to the five great powers on the council is left to this conference.

"I move, therefore, that the first secretary-general of the council shall be the Honorable Sir James Eric Drummond, and second, that until such time as the assembly shall have selected the first four members of the league to be represented on the council in accordance with Article 4 of the covenant, representatives of Belgium, Brazil, Greece and Spain shall be members; and third, that the powers to be represented on the council of the league of nations are requested to name representatives who shall form a committee of nine to prepare plans for the organization of the league and for the establishment of the seat of the league and to make arrangements and to prepare the agenda for the first meeting of the assembly, this committee to report both to the council and to the assembly of the league.

Significance of Covenant.

"I think it is not necessary to call your attention to other matters we have previously discussed—the capital significance of this covenant; the hopes which are entertained as to the effect it will have upon steadying the affairs of the world and the obvious necessity that there should be a concert of the free nations of the world to maintain justice in international relations, the relations, between people and between the nations of the world.

"If Baron Makino will pardon me for introducing a matter which I absent-mindedly overlooked, it is necessary for me to propose the alteration of several wards in the first line of article 5. Let me say that in several parts of the treaty, of which this covenant will form a part, certain duties are assigned to the council of the league of nations. In some instances it is provided that the action they shall take shall be by a majority vote. It is therefore necessary to make the covenant conform with the other portions of the treaty by adding these words. I will read the first line and add the words:

"'Except where otherwise expressly provided in this covenant, or by the terms of this treaty, decisions at any meeting of the assembly or of the council shall require the agreement of all the members of the league represented at the meeting.'

"'Except where otherwise expressly provided in this covenant,' is the present reading and I move the addition 'or by the terms of this treaty.' With that addition, I move the adoption of the covenant."

OUTLOOK OF VICTORY LOAN DISCOURAGING

Subscriptions Must Come in Faster to Make Loan Success

WASHINGTON, April 28—The nation has subscribed $839,479,900 to the Victory Liberty loan, according to tabulation announced tonight by the treasury. This figure, representing the first week's business, is 18.65 per cent of the $4,5000,000,000 total sought.

The subscription in the Chicago district is $172,969,000 or 26.04 per cent of the quota. St. Louis has raised $69,302,000, or 35.54 per cent. The total for the Minneapolis district is $34,358,000, or 21.81 per cent of its quota.

The proportion of the loan already subscribed is a fraction of a per cent greater than that raised at the corresponding time of the fourth loan campaign, altho the amount is about $200,000,000 less, since the total of the fourth loan was greater.

"This looks rather discouraging," said the treasury's daily review, "and the most hopeful sign is that some of the remote districts are slow in reporting their sales to headquarters."

Vermont today oversubscribed its quota, and 102 cities in the state have exceeded their minimum allotments. Vermont is the third state to make a 100 per cent record, Michigan and Iowa having done this last week.

Toledo, Ohio, today reported that it had oversubscribed its quota by 25 per cent and had sold to 25 per cent of its population.

St. Louis district reported tonight that southern Indiana was leading all states in the district, having 71 per cent, of its quota subscribed.

Workers thruout the Chicago district today urged to speed up the campaign as subscriptions there were reported to be "somewhat slow." The best progress in this district is being made in Michigan, Iowa and northern Indiana.

New York city has subscribed almost four times as much as the rest of the district in which it is located, having a total of $156,000,000.

Chicago District.

Chicago, April 28.—Subscriptions to the Victory Liberty loan in Chicago had passed the $50,000,000 mark tonight, it was announced by loan headquarters. The city's quota is $189,225,000, which leaders declared would be reached before May 10.

The seventh district outside of Chicago, has added $21,000,000 to its quota since Saturday, the total now being $327,000,000 compared to the official quota of $463,275,000.

Wisconsin has obtained $26,000,000 or 35 per cent of its quota. Indiana now has a total of $30,000,000 or about 35 per cent actually certified to the federal reserve bank.

The Iowa war trophy train returned to Chicago today after making about 100 stops in Iowa while on a three-weeks tour. It was estimated that 300,000 persons were addressed, an average of about 15,000 a day.

HAVAS REPORTS PAGE HAS QUIT ROME

ROME, April 28.—(Havas) — Thomas Nelson Page, the American ambassador to Italy has left Rome for Paris.

An Italian newspaper report from Rome received by the Associated Press April 25, said that Ambassador Page had offered his resignation because he had been made "acquainted with President Wilson's views on the Italian claims." The statement was authorized at the state department in Washington on that day that there was no foundation to this report. It was added that there had been various reports since the armistice t hat Ambassador Page would resign soon to resume his literary work, but opinion on the part of state department officials was that whatever Mr. Page's personal plans for the future might be, he would not consider resignation at this time.

AMERICA BRINGS IN 7,051 TROOPS

New York, April 28.—The steamship America arrived here today from Bhest with 7,051 troops of whom 960 are convalescing from illness or wounds, 360 of these being bed ridden. Casuals included 12 from Wisconsin, 9 from South Carolina and 24 from New York and 15 nurses. Major Gen. Francis J. Kernan returned as a casual.

The units aboard the America were drafted men largely of New York.

CABLE LINES WILL BE GIVEN BACK TO OWNERS

Will Relinquish Telegraph and Telephones Later

WASHINGTON, April 28—The government is preparing to relinquish control next month of American cables lines and to restore the telegraph and telephone system to private ownership immediately after enactment by congress of laws necessary to safeguard the properties.

Postmaster General Burleson, who is directing head of the wire communication service taken over os a war measure, announced today he had sent to President Wilson recommendation that the cables be turned back forthwith, probably not later than May 10. An hour later he gave out a statement saying he would recommend that the telegraph and telephone service be returned to private ownership, contingent upon financial protection to be obtained from congress.

It was explained by Mr. Burleson that no explanation was necessary in the case of the cable company properties. Lessening of the traffic borne by the cables and other circumstances arising from transition to a peace basis, Mr. Burleson said, had resulted in his recommendation to the president that the lines be no longer operated by the government.

Cable Statement.

"The postmaster general has recommended to the president that the government return the cable lines to their respective owners. This action is made possible by the fact tha the congestion resulting from war conditions has largely passed. The enemy commercial blacklist has been abolished and the tremendous volume of government cables from and to the war trade board have ceased. The bar to commercial code messages has been removed thus materially lessening the cable loads. The use of the cables in connection with the peace conference have been greatly diminished.

"The postmaster general hopes that the return of the cables may be effective not later than May 10th."

In the matter of land service, however, the solution of the problem will be put squarely up to congress. Coming so soon after the recommendation in his annual report that the telephone and telegraph lines become government owned at the conclusion of peace, the postmaster general's statement created unusual interest in some quarters. The statement follows:

Burelson's Wire Statement.

Following is Mr. Burleson's telegraph statement:

"The postmaster-general will recommend that the telegraph and telephone lines be restored to their respective owners as soon as legislation can be secured from congress safeguarding the interests of the owners in every way that it is possible to safeguard them.

"The information of the postmaster-general as to the condition of the wire companies convinces him that it is imperative that such legislative action must be had before the various telephone and telegraph lines are returned.

"This is not true as to the cable lines, which are in a condition to be returned at once."

Postoffice department officials who have aided in control of the telegraph and telephone compnies expressed belief that few of the companies could weather the financial storm if the properties were turned back without remedial legislation.

By proclamation of the president, the entire wire service, with the exception of cable lines, was taken over by the government July 31, last, and placed under the direction of the postoffice department. The proclamation as to cable control was signed by the president November 2, but no announcemet was made until after the signing of the armistice

Taking over of the cable systems was followed by a controversy between postmaster general and Claren H. Mackay, president of the Commercial Cable Company, which resulted in the dismissal of Mr. Mackay by Mr. Burleson.

Further controversy involved the Postal Telegraph Company, when officials of that company objected to the postmaster general's plan to amalgamate the Postal Company with the Western Union. As a result of the controversy Mr. Burleson dismissed from government service Edward Reynolds, vice-president and general manager of the Postal Company.

Orders issued by the postmaster general providing for a nation-wide increase in telephone and telegraph rates resulted in additional controversies and legal action in a number of states from some of which suits have been appealed to the United States supreme court

Proceedings involving the right of the postmaster general to take over control of both the cable and line systems are now pending in the supreme court. It is believed that the proposed prompt return of the cable systems will render a decision unnecessary.

"'Persons guilty of criminal acts against the nationals of more than one of the allied and associated powers will be brought before military tribunals composed of members of the military tribunals of the powers concerned.

"' In every case the accused will be entitled to name his own counsel.'"

Article 4 is as follows:

"The German government undertakes to furnish all documents and information of every kind, the production of which may be considered necessary to insure the full knowledge of the incriminating acts, the discovery of the offenders, the just apprecation of the responsibility."

Hines Willing To Settle Price Controversy

DENVER, Colo., April 28.—Director-General of Railroads Hines in a statement issued upon his arrival here today, announced his willingness to accept the offer made by the industrial board of the department of commerce to bring together representatives of the railroad administration and the steel producers to settle the controversy over the government's peace stabilization program.

Hines' Statement.

The following statement was issued by Mr. Hines:

"On April 26th, Secretary Redfield telegraphed Director General Hines suggesting that representatives of the railroad administration confer anew with the industrial board relative to steel prices with the spirit of being engaged in a common service and seeking a mutual end.

"Director General Hines replied today calling attention to the fact that on April 24th Judge Robert S. Lovett, and Mr. Henry Walters, as representatives of the railroad administration, had met with the industrial board for the purpose of reaching common ground in a practical sense regardless of former conceptions on either side and had been prepared to offer compromise suggestions looking to an agreement as to prices, but that the board declined at the meeting to act except according to its original conceptions which in the belief of the director general were erroneous and that this attitude of the board practically closed the door to further discussion at that meeting.

"The director general in view of the renewed suggestion for conference indicated a willingness to accept the offer made by the industrial board in a telegram sent by Chairman Peek on April 26th to bring together representatives of the railroad administration and the steel producers."

APPROVE PLAN FOR TWELVE ARSENALS

WASHINGTON, April 28—The approved arsenal plan of the war department, Acting Secrtary Crowell announced today contemplates the maintenance of twelve manufacturing and finishing arsenals with the possible addition of the East Springfield, Mass., and Detroit plants, should congress authorize the expenditures for these two.

The arsenals definitely decided upon for the permanent program include the plants at Edgewood, Md.; Rock Island, Ill., Watervilet, N. Y.; Watertown, Mass.; Old Hickory, Tenn; Amatol, N. J.; Tullytown, N. J.; Frankford, Pa.; Rochester, N. Y.; Erie, Pa.; Chicago (shell machining plant) and Madison, Wis.

NFIDENCE LACKING.

The movement to form a joint sociation of producers, packers livestock commission men has made much progress. The e-stock men and producers seem be suspicious of the packers' tives and so no progress is be made. This proposal like all ers of the kind, without conence amounts to nothing, and livestock producers of several tes thru their organizations ve voiced their fear that the sociation was proposed simply avoid covernment supervision.

STOP AUTO THEFTS.

Several measures are before e Missouri legislature as the result of continued automobile efts. One law proposes much avier penalties than now imsed but there are objections on e ground that it would likely t prove constitutional. Still nother measure gives promise being more effective, as it roposes to require all garage wners to keep a record of transent cars. If one with a number moved or changed is noted the roper officials must be notified. he widespread operation of such law would go a long way toard making car stealing a less rofitable calling.

HE SOLDIER-ETTLEMENT PLAN

The forthcoming May issue of he Reclamation Record, published by the U. S. Reclamation ervice of the Department of the terior, contains an article showng the nation-wide interest in ecretary Lane's plan to provide ork and homes in soldier settleents on reclaimed land for our turned soldiers, sailors, and arines. It is stated that already ver 35,000 inquiries regarding he plan have been received from hese man and that additional inquiries are coming in at the rate f five or six hundred a day. any of the State legislatures have enacted soldier-settlement legislation in anticipation of similar action by Congress at the coming special session. In many of the states the governors have appointed special committees to work in cooperation with the federal government in connection with soldier-settlement plans.

The American Federation of Labor has endorsed the plan in its reconstruction program, and the Daughters of the American Revolution approved the plan by formal resolution at their recent convention.

Scores of chambers of commerce, boards of trade and similar organizations, as well as hundreds of newspapers have placed the stamp of their approval on the plan.

LOST NO TIME.

The Springfield News-Record certainly has a progressive management. The paper has doubled its circulation in the past four years. Saturday announcement was made that the Register would change from the morning to the evening field and that is would publish a Sunday morning paper. This meant that the News-Record must also enter the Sunday morning field. Monday came a page announcement of the News-Record's features for its first Sunday edition, which will be May 12. Mr. Stearn let no valuable time slip away in outlining his plans and letting the public know about them.

THE CHANGING TIMES.

Times change quickly. Only a year ago some of the mines of the state were accredited with coining money. Yesterday a receiver was asked for the Latham Coal Co. at Lincoln, and it is said that other mines thruout the state are in a precarious financial condition. Business changes come sometimes almost as quickly as those political.

TO HONOR SOLDIERS.

Springfield is raising a fund of $2,000 to provide a royal welcome for her returning soldiers. Morgan county was not as largely represented as Sangamon in the fighting overseas, and not nearly such a large fund will be raised here. Nevertheless, when the time comes, due recognition will be given of the services of Morgan county men overseas.

THE CALL OF HOME.

Eastern papers are commenting on the fact that soldiers from the middle west or western states who stop in New York do not manifest the usual interest in entertainment features of the great eastern metropolis. These returning soldiers do not seem to have a normal interest in Broadway. The fact is, they're more intent on getting home than on doing anything else, and their attitude furnishes proof again of the strength of the home ties.

NO LOWER BREAD PRICES PROMISED.

Julius H. Barnes, newly appointed U. S. wheat administrator says the five-cent loaf of bread not only will not come back this year, but it probably will never came back. When asked if there was any chance of the five-cent loaf returning, he said: "Flour is 45 per cent of the cost of the completed loaf, so you see it would take a considerable fall in the price of wheat to bring down bread even one cent a loaf. When you talk of cutting the price of bread in two, you see you would have to reduce wheat to 25 per cent of its present figure. That seems out of the question. I see little hopes of getting the five-cent loaf of bread back if wages and other expenses are to stay where they are. I am not even convinced it would be desirable, if all the other living levels would have to follow it.

THE NEED FOR THRIFT.

Dr. Garfield in one informal address here yesterday made the point that one of the greatest arguments for the Victory loan is the need that the American people have for thrift. He affirmed that commercial supremacy will not come and that prosperity itself will not be of the most enduring kind until the people learn the lessons of thrift. He quoted Mr. Hoover as saying that if the food and fuel administrations were able to inculcate real principles of economy and thrift, that these two departments of government service would prove of great and lasting worth to the nation. Dr. Garfield told an incident of meeting in England a retired minister who with the interest from $20,000 that he had invested in the government securties of England, was able to travel and felt that he and his wife had a competency adequate for coming years. It was that same spirit that Dr. Garfield would have Americans imbued with, and that they might choose government investments rather than others promising higher rates of interest. The days of real financial stability and real thrift will not have been realized, according to Dr. Garfield's well-founded belief, until the people are satisfied with this lower rate of return.

In answering the suggestion that this might not be good business to urge people to wear less, eat less and spend less, the speaker said that in the end it was, for frugality of living eventually means more money to spend for legitimate and worthy purposes.

There is no denying the need of thrift in America today. People are not satisfied with the conveniences and the every day home surroundings that their fathers and mothers had. They made more and spend more. Their habits of thought and life are greatly changed by comparison with those of their parents. The opportunities for spending money are multiplied. Then, too, a dollar buys less than half as much as it did some few years ago. When all these things are remembered it is easy to understand that this teaching of thrift and having the lesson really learned is a very large task.

Rippling Rhyms
By Walt Mason

My Garden.

My garden sass begins to grow, with ring-tailed squashes in a row and onion sets in line, the valued plants are looking pale, the Brussels sprouts, the luscious kale, but weeds are doing fine. If weeds were only good to eat, my garden plot would be a treat, a sight for jaded eyes; if jimpson weeds were good to boil and didnt taste like castor oil, my crop would be a prize. If beans would grow like cockleburs my girls would all be wearing furs, and loaded with long green; and I'd be strictly up to date and ride around the town in state in my own limousine. If cabbageheads would only thrive, as thistles do, and keep alive in times of drouth or flood, I might enjoy this sowing seeds, and wrestling with the husky weeds, and clawing in the mud. I have to coax tomato plants, protect them from the bugs and ants, and shield them from the sun; I have to nurse them day by day, and then they wilt and fade away, their course too quickly run. My beans have gone to kingdom come, the radishes are on the bum, they shriveled in two days; but gorgeously the milkweeds grow; if they were worth two cents a throw they'd be blamed hard to raise.

CICUIT COURT IS IN SESSION

Term Begins at Winchester Monday—Capt. Carey Hears News of Brothers Death — News Notes.

Winchester, April 28.—Capt. G. W. Carey received a message Monday telling of the death of his brother, J. J. Carey, at Harvel, who was killed by a train Friday afternoon. The deceased was well known in this city, where he had often been a visitor at the home of his niece, Mrs. Frank Ruarrk. The deceased was an aged man and quite hard of hearing. He was walking along the street near a railroad crossing and failed to hear an approaching train, which struck him and death resulted.

Capt. Carey has gone to Harvel to attend the funeral, which will be held there Wednesday afternoonat 2 o'clock. The remains will be taken to Pittsfield for interment. There are a number of relatives of the deceased now living at Pittsfield.

Mr. and Mrs. S. Taylor and children of St. Louis, who have been enjoying a visit with Mrs. Taylor's parents, Mr. and Mrs. George Stewart, have now returned to their home.

Circuit Court Orders.

The Scott county circuit court convened Monday and the following orders were made during the day:

In the suit of Faulkner vs. Manvaisterre Creek Drainage and Levee district, suit was dismissed and costs paid by defendant.

In the suit of Mary T. Mason administratix vs. Charles Dean, suit was dismissed at cost of plaintiff.

Village of Bluffs vs. Ben Terrence, suit dismissed on motion of complainant.

Conover Grain Co., vs. estate of Harry Oakes, case continued by agreement of parties.

Dr. George W. Bowman vs. J. G. Adams, suit dismissed on motion of plaintiff.

News Notes.

J. O. Priest of Jacksonville was in Winchester to appear as attorney in the Scott county circuit court Monday.

W. L. Bagshaw was able to resume his position in the Frost & Hubbard bank Monday after a week's illness with influenza. Mrs. Bagshaw and daughter, who have also been ill of influenza, are improving satisfactory.

The sheriff and deupty were very busy Monday and taxes collected amounted to $1,846.

Robert W. Woodall was a visitor in Springfield Sunday.

Miss Lucille Bishop spent the week end with her parents in St. Louis.

MEDALS GIVEN TO COMPANY C. MEN

Col. Taylor Here From Adjutant General's Office for Interesting Ceremonial.

Monday night there was a very interesting ceremonial at Armory hall when medals for drill and attendance were presented by Col. F. L. Taylor of the Adjutant General's office. These medals were given to the company by Andrew Russel, whose interest in the organization has been maintained from the very first. In fact, his liberality made the organization and maintenance of the company possible.

After Capt. James and Lieut. Farrell had put the company thru an hour's drill the awards were made by a committee including Capt Owen of Springfield; Corp. Edward R. Weyand of Peoria and Private J. B. Pollitt of Canton. These awards were as follows:

Gold—Sergt. Benjamin Burdick.

Silver—Corp. Harry Bray.

Bronze—Private Floyd Raemeyer.

Attendance medals were awarded as follows:

Gold—Private Thomas Casey.

Silver—Private George Lazenby.

Bronze—Sergt. Scott Sweeney.

Col. Taylor, who is not only attached to the adjutant general's office but is the colonel of the 9th regiment, made a very interesting and helpful address to the company, complimenting both the officers and men and expressing the appreciation of the adjutant general for the loyalty and interest shown He quoted some facts about the military organizations of the state and referred to the proud history of Illinois in the great war. Col. Taylor said that the medals are not permanently awarded and that there will be monthly competition for drill honors. In the matter of the attendance, medals will be awarded every 60 days.

Horace H. Bancroft followed Col. Taylor with a brief but eloquent address. Mr. Bancroft, some months ago, acting in behalf of Andrew Russel, presented a handsome silk flag to the company and he hal all along been actively interested in the organization. Col. Taylor was accompanied to Jacksonville by Capt. L. P. Owen and they returned to Springfield on a late Wabash train.

EBENEZER TRUSTEES PLAN CEMETERY FUND

At Ebenezer church Sunday morning the trustees of the cemetery inaugurated a movement to secure a permanent endowment. It was such a rainy morning that the attendance was very small and altho there were comparatively few in the group to discuss the question, $1,500 was quickly subscribed. Charles S. Black, member of the board of trustees, presided at the sessions. Forceful talks were made by Rev. J. O. Kirkpatrick, pastor of the church, and by Carl E. Robinson. According to a statement made yesterday by Logan Black, one of the trustees, another meeting will be held at a date to be announced, when with normal attendance it is believed that the fund of $5,000 desired can be secured.

As already mentioned, it is the purpose of the trustees to raise this fund, invest it in government bonds and use only the interest money for the maitenance of the cemetery and improvements. Ebenezer church is one of the oldest in this part of the state and its history is closely identified with that of Methodism. It is a historic spot and certainly the movement to provide the cemetery with funds in a permanent sort of way is well advised. A. A. Dyer is now treasurer of the board of trustees and Charles E. Patterson is the secretary.

There are Four Points To Be Given Consideration When Purchasing a Suit

Quality Style, Cut and Fit

To prove entirely satisfactory, every suit must share fully in the four points named. Style, Cut and Fit you may have, but if not backed by Quality then disappointment will be your lot. Again, you may secure Quality, but if one or the other of the main points is lacking, the result is a failure. And so it goes.

We are prepared to give you the ultimate in suit perfection, every garment turned out by us by showing Quality, Style, Cut and Fit, with that tailored finish which gives elegance and individuality.

DR. GARFIELD SPTNT BUSY DAY HERE.

Dr. H. A. Garfield certainly spent a busy day in Jacksonville under the general guidance of H. M. Capps, chairman of the Victory loan campaign committee. Dr. Garfield addressed the students of Illinois colleeg at chapel exercises Monday morning, then was a luncheon guest at Illinois Woman's college, where he again made an address. In the afternoon he spoke to students at the David Prince school and at the dinner hour met members of various committees of the Liberty loan organizaton at the Peacock Inn. He spoke briefly following the dinner, after he had been presented by Mr. Capps, who summed up the activities of the day.

In this last address, which of course was very brief, Dr. Garfield emphasized the two thoughts that this Victory loan campaign should keep alive and strengthen the splendid spirit of co-operation which the U. S. has developed during the war period. He gave prominence to the further thought that thrift must be developed and maintained if the U. S. is to attain any kind of commercial supremacy.

He said that the American people must be taught that they must be satisfied with a three or four per cent investment rate and not think that they cannot afford to lend to their government on these terms because it is possible to earn six or seven per cent thru other lines of investment. In support of this theory he cited the people of England, who think that nothing surpasses a government loan paying two or three per cent. The lesson of thrift is the very foundation of permanent prosperity and industrial prograss, according to Dr. Garfield's belief.

CHAMINADE MUSIC CLUB

The last regular meeting of the Chaminade Musical Club was held Monday evening with Mrs. E. L. Hill at the State hospital. At a short business meeting in the reception room, officers reports showed the club to be prosperous, and the season's line of study, "Music of America, and Allies" has been most interesting and profitable. On account of health conditions, work was not begun until Dec. 30 but the members have been very active and energetic and given eleven regular programs, including the opening meeting with the excellent ensemble work, besides a special program given at the high school. The club has been invited to give two special program in May. A prominent local music teacher has recently presented the club with a number of classical music collections, which are a valuable addition to the extensive musical library owned by the club, numbering more than 600 different pieces and collections. The program for the evening given in the pretty chapel of the west wing, was beautiful. Selections from the works of noted American woman composers enjoyed by a large and appreciative audience was as follows;

V. LOAN CAMPAIGN AT ILLINOIS COLLEGE

The Victory loan campaign at Illinois college was arranged for Monday morning. Dr. H. A. Garfield made a brief address and was followed by Judge E. P. Brockhouse. He gave a number of reasons why college men should be especially interested in this loan. Dr. Garfield in talking to the students referred only indirectly to the Victory loan but talked in a most interesting way of the part that universities and colleges of the country have had in war time affairs. He gave credit to the American people for the earnest and loyal way that they cooperated with the food and fuel administration in the various war time necessities.

The whole session was one that the students greatly enjoyed and their subscriptions to the Victory loan were appropriately liberal.

MORGAN COUNTY COURT IN SESSION.

The April term of the Morgan county court was convened Monday with Judge H. P. Samuell presiding. Otis Wallace, who was charged with selling liquor in anti-saloon territory, appeared and entered a plea of guilty on two counts. He was fined $50 and costs on the first count and $100 on the second.

The case of Alonzo Moseley, charged with liquor selling, was continued by consent.

It was a comparatively quiet first day, owing to the fact that the trial of Dr. Griggs, originally set for Monday, was postponed until a later date.

BAYER

WHEN BUYING ASPIRIN ALWAYS SAY "BAYER"

Ask for "Bayer Tablets of Aspirin" in a Bayer package—marked with "Bayer Cross."

Don't buy Aspirin tablets in a pill box. Insist on getting the Bayer package with the safety "Bayer Cross" on both package and on tablets. No other way!

You must say "Bayer." Never ask for merely Aspirin tablets. The name "Bayer" means you are getting the genuine "Bayer Tablets of Aspirin," proven safe by millions of people.

Beware of counterfeits; Only recently a Brooklyn manufacturer was sent to the penitentiary for flooding the country with talcum powder tablets, which he claimed to be Aspirin.

In the Bayer package are proper directions and the dose for headache, toothache, earache, neuralgia, rheumatism, lumbago, sciatica, colds, grippe, influenzal-colds, neuritis and pain generally.

"Bayer Tablets of Aspirin," America nmade and owned, are sold in vest pocket boxes of 12 tablets, which cost only a few cents, also in bottles of 24 and bottles of 100—also capsules. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of salicylicacid.

400 Tires to Choose from —You Must select One

Obviously you can't compare the prices and relative merits of them all.

Only a corporation, operating scores of cars, can afford to pay a man to do that. But there's your "tip"! If you can't study, and they can, reap the benefit of their investigation.

If you learn that scores of companies in Chicago, New York, Pittsburgh, Atlanta and San Francisco, use only Diamonds—that taxi companies in New York, Philadelphia, Pittsburgh, Washington and Portland, Ore., average over 5,000 miles on Diamonds steadily—

Then you have positive proof that these business men are convinced that Diamonds are the most economical tires they can buy—

That you can "Cut *Your* Tire Upkeep with a Diamond."

REVISED COVENANT IS UNANIMOUSLY ADOPTED

(Continued from Page 1)

The Japanese statesman added he felt it his duty to declare the poignant regret of the Japanese delegation over the failure of the league of nations committee to do justice to the Japanese demand which was based on a deep-rooted national conviction.

Baron Makino said he regretted that the president's speech had not been translated. He then moved the Jajanese amendment on racial equality He said it was a race question with the possibility of becoming acute. The equality of nations, he asserted, should be a fundamental principle of the league.

French Amendments Excluded.

Leon Bourgeois, former premier, spoke for France He said that the French amendments, including a demand for a national army and police force, and the limitation and verification of armaments of all nations had not been adopted.

France, however, would sign the pact, M. Bourgeois declared.

Paul Hymans, chairman of the Belgian delegation, expressed regret that Brussels had not been selected as the seat of the league However, he did not offer an amendment changing the seat of the league from Geneva to the Belgian capital.

Chairman Avededo of the Uruguaqan delegation said he saw in the league agreed to the realization of Latin-American industrial and commercial prosperity.

The South American representatives expressed approval at great length before the covenant was adopted. During this part of the afternoon a distinct restlessness was noticeable, President Wilson walkeing over to a friend, and Premier Lloyd-George disappearing from the room

When the decision was taken President Wilson was surrounded by delegates and friends who congratulated him on the constitution of the league which he had steered past many quicksands.

Sir (James) Eric Dummond whom President Wilson said had been named first secretary-general of the league of nations, has been private secretary to A. J. Balfour, the British foreign secretary, since December, 1916. Previously he had served Sir Edward (now viscount) Grey in the same capacity while Sir Edward was private secretary to Herbert H. Asquith, then the British premier.

Sir Eric was born August 17, 1876, son of the Eighth Viscount Strathallan, and is a half-brother of and heir presumptive to the Earl of Perth.

Sir Eric accompanied Foreign Minister Balfour to the United States in 1917 as a member of a British high commission.

Captain Maldwin Drummond, who married the widow of Marshall Field, Jr., of Chncago, is a distant relative of Sir Eric.

REAT OLD REMEDY FOR SKIN DISEASES

S. S. S. Clears Skin of Eruptions—Drives Poison From the System

Get it fixed in your mind that skin eruptions, Scrofula, Eczema, burning, itching skin, and all skin diseases are due entirely to impure and infected blood. If the trouble was on the outside of the skin, by simply washing and keeping it clean you could obtain relief—not even ointments, lotions, and salves would be necessary. Agree with us in this belief, and your trouble can be relieved—you c entirely restored to health. S. S. S. is a purely vegetable treatment that you can secure from your own druggist—it is a blood tonic that will purify your blood and cause a most decided abatement of your trouble, and finally make you to suffering mankind. During entirely well. Fifty years ago S. S. S. was discovered and given this period it has proven its remarkable curative properties as a blood purfier and tonic, and has relieved thousands of cases of disease caused by poor or impure blood, and chronic or inherited blood diseases. You can be relieved, but you must take S. S. S. Take it if only pimples appear, for they denote bad blood and may be followed by the sufferings from torturing skin eruptions. Therefore be sure. Don't take chances, don't use lotions. Get S. S. S. from your druggist. If yours is a special case, write for expert medical advice. Address Medical Director, 438 Swift Laboratory, Atlanta, Ga.

House Bill Calls For Inspection of Passenger Ships

SPRINGFIELD, Ill., April 28.—Annual inspection by the State Department of trade and commerce of all passenger boats operated for hire in the state of Illinois is provided for in a bill introduced late today by Representative Charles W. Laporte of Peoria. It was referred to the committee on public utilities and transportation.

Mr. Laporte said the measure was prompted by the recent disaster to the Steamshop Columbia which sank near Pekin, causing the loss of life of more than eighty men, women and children, and the Eastland disaster in Chicago. Care was exercised in preparation of the bill, he stated, to prevent conflict with federal authority.

After January 1, 1920, under the provisions of the Laporte bill, no passenger boat in Illinois would be permitted to operate without a certificate of inspection from the trade and commerce department. Qualifications of inspectors would include experience in the construction, repair and operation of propelling machinery; special training with reference to superstructures, and also as to hulls.

Inspection would embrace pressure on boilers, number of passengers, numbsr of small boats, fire fighting aparatus, lifepreservers and other safety devices.

No boat carrying passengers would be permitted to have on board any inflamable, combustible or explosive other than that necessary to the vessel's population.

Any repairs or changes in a boat to which a certificate might be issued would require a report to the department for permission and approval.

The bill would exempt the operation of the inspection department from civil service.

Mr. Laporte also introduced a bill to amend the criminal jurisprudence act forbidding pilots to leave specified channels under penalty. It went to the judiciary committee.

The house held a brief session beginning at five p. m., and advanced house and senate bills on first reading.

Representative Meents chairman of the house roads and bridges committee, introduced a bill appropriating the $60,,000,000 authorized by statute for good roads. The money is to be realized from bonds. Purpose of the measure is to permit the department of public works and buildings to have at hand as much of the fund as they shall need within the biennium.

A message to Speaker Shanahan today said William Hale Thompson, mayor of Chicago and a committee of Chicago city councilmen and others would be on hand tomorrow to present Chicago's revenue needs before the legislature. A joint session of both houses will be held tomorrow and Wednesday to hear revenue apepals.

WITHDRAWNING YANKS FROM ARCANGEL

ARCHANGEL, Sunday,. April 27.—(By The Associated Press.)—The American troops are gradually being withdrawn from the front lines, preparatory to their departure when the harbor opens. As far as possible they are being replaced by new Russian troops, who are being schooled at the front by American and British officers.

There are at present no Americans on the Pinega or Kadish-Sredmakrenga fronts and the process of relief is under way on the railroad.

The Dvina and Vaga columns, however, still have some Americans. On the Dvina the allied positions have been slightly withdrawn from Tulgas in order to give better positions for the expected onslaught of enemy gunboats.

TERRE HAUTE, Ind., April 28.—Two companies of state militia wre ordered to Linton, Ind., tonight to quell a riot resulting from a strike of telephone operators at that place. During the rioting tonight a mob of 500 persons broke the doors and windows of the telephone exchange and drove eight girl strike-breakers to the roof. The girls later were rescued and taken to a place of safety.

SAMUEL GOMPERS IS RESTING WELL

NEW YORK, April 28.—Samuel Gompers, president of the American Federation of Labor, who was injured yesterday when a Broadway surface car collided with a taxicab in which he was riding, was resting well tonight, according to a bulletin issued by his physicians, and his condition was said to be "favorable."

The physicians added, however, that because of his advanced years, his two fractured ribs and other injuries "may prove serious." Mr. Gompers is 69 years of age. His physicians continued to refuse to permit visitors to see him.

Many telegrams of solicitude were received today and a steady stream of messages came by telephone.

STANDARD OIL EARNINGS

New York, April 28.—The Standard Oil Company of New York earned $38.19 a share on its capital stock in 1918, or more than three times as much as it paid in dividends, according to the annual report made public here tonight. Net earnings were $28,642,387.

GOOD OLD GOOSE GREASE

Grandma asked nothing better than goose grease and turpentine to break up a cold and she usually succeeded. It still works as well as ever and can be obtained under the name of MEN-THO-EZE.

Besides goose grease and turpentine, MEN-THO-EZE contains peppermint, wintergreen and menthol, the great Chinese cold remedy, also other healing oils. Rubbed on the chest, MEN-THO-EZE works from the outside with its goose grease and turpentine, while the healing fumes of the other ingredients soothe and relieve the linings of the throat and lungs, loosening the phlegm and giving **relief in 20 minutes.**

MEN-THOEZE is fast becoming the national "First Aid" for colds. Get a jar today and keep it handy. In opal jars, 30c and 60c.

ARFIELD SAYS WE UST FINISH THE JOB

r Fuel Administrator Makes ng Plea for ictory Loan— War Will Have Been in if Conditions are Not ered — Much Enthusiasm vn.

he audience filling the gym at the David rince building reeted the distinguished Prest. Harry A. Garfield, onored our city with his ce last evening to speak subject of the Victory The canteen giris in their nd handsome uniforms act- ushers with great success. hall was liberally deco- with posters advertising the nd the whole atmosphere harged with enthusiasm for e cause. A band of twenty led by J. Bart Johnson, ed some superb music and lly appreciated. As the r appeared in the hall he eceived with applause and is seat on the platform Chairman Capps, Messrs. C. nson, and C. A. Fiedler; al- C. A. Barnes and Mrs. W. Brown.

The first number on the program was a song by a male quartette consisting of Messrs. Lindley Williamson, Felix Farrell, Clifford Carlson and Frank Bonansinga, Mrs. Randall accompanying them and all others. The young gentlemen sang so well they were greeted with vociferous applause and kindly responded. Then came another musical treat, the "Marseillise" by Mrs. Barr Brown whose fine voice found full scope in the number. She was cordially encored and responded with a beautiful selection, "Christ in Flanders," by Ward Stephens. Lindley Williamson and the canteen girls then led in a community sing, "Pack Up Your Troubles," which was given with a will.

H. M. Capps Introduces Speaker.

Chairman Capps said in introducing the speaker he had a confession to make. Prest. Garfield, former fuel administrator and president of Williams college, had but one week in the west and could appear at only four places and while this county was not so in need of bracing up inasmuch as some 55 per cent of our quota had already been subscribed, still he wanted a distinguished speaker and so great was the influence of Mr. Crabtree at St. Louis he was able to get about what he wanted and when Mr. Capps heard Mr. Garfield might be available he told Mr. Crabtree to go to it and get him and he did.

The speaker said in part:

It is certainly inspiring to stand before an audience like this, of my fellow citizens and realize that similar gatherings are to be found all over the land with the same object in view. We are members of this great commonwealth with a colonial hnistory of 200 years, a grand government of the United States with its constitution, its institutions with people everywhere actuated by the same purpose. It really is hard to imagine a hundred million people under one beneficent government for all.

Too well we know the cost of the great war overseas; its trail of pain, anguish, sorrow and tears, and some naturally ask when peace has come and our boys are returning, why are we here tonight? The smile on the face of that mechanic shown on the poster is the answer: "Sure we'll finish the job."

Not Far From Pioneer Days.

The fact is; we are not very far from our pioneer days. There are yet some living who can remember when this very place was but an insignificant village; and all about was crude and new, while now we have cultivated farms and large cities. It is not surprising that they say of us in Europe that we are given to starting things we do not finish.

This is true to a certain extent but when a cause really sinks into our hearts we are in earnest and we press on in a way that makes Europe dizzy. About Chateau Thierry and San Mihiel there had been desultory firing by both sides with no results till the American boys appeared and were told to advance a mile. They went four and when the commanding officer was called to task he said: "Why, how could I stop them when the German army couldn't do it?"

Our boys are the descendants of the greatest spirits on earth. They broke all the fixed rules of warfare and conquered the enemy and now we are here to finish the task.

Tells of Fuel Administration

A congressman asked me why the miners didn't dig the coal anyway and not wait for cars to remove it; it must be remembered that a large portion of our coal deteriorates badly when exposed to the weather. It must be mined, transported, taken to the consumer and placed under the furnace before we can let go of it. It took a force of 16,000 people to carry out the work of the fuel administration and an office force of 1500 in Washington and last October when we thought the war would continue a long time we were able to say we had the fuel question solved for a year at any rate. We have learned to carry things through all right.

And now we come to the question, why ask for so great a sum as four and a half billions? The government will need great sums for years to come to meet the cost of the war. We must do justice to our returning soldiers and then there are fifteen billions of war contracts canceled and we must make those manufacturers whole.

Had the war continued 19 months more it would have cost 25 to 30 billions so that the four and a half we ask seem paltry in comparison. It is hard to visualize a billion. There have been something over 64 billion seconds since the birth of Christ while war debts of the world amount to 250 billions.

Any man who refuses to buy a Victory bond until he knows just how the money will be spent is not patriotic. As we poured out the blood of our noble soldiers so now we must hand out the money to pay the bills.

Descendants of Foreigners

We are all descendants of foreigners who came to this country to better their condition; we are a free people in a free land. But we have yet much to do with the peoples of Europe. We went over there to strike the shackles of monarchy from the people and crush despotism. Now we must remember we have a work at home. We use the word Bolshevism to express the evils of anarchy and similar vile things and we must overcome this. Are we willing to let this evil thrive in our midst? NO (applause).

I am glad to see employers and employees coming together. Men who labor are just as patriotic as capitalists. Men do not think in terms of old.

Prest. White of the miners' union said if this war fails to bring about a different order of things it will have been in vain. There must be but one class and that the people. If that is not accomplished I regret sending my two sons to fight across the sea. There will be cooperation; we will not fail to pay what the government owes.

The people have seen a great light in the future; a land free for all classes and actuated by one grand desire for the welfare of all. There are in this audience many who have relatives across the water.

Had the war continued the cost in money would have been a paltry consideration in comparison with the awful cost in men. Shall we prove ourselves true to this great trust? We shall do it and in triumph the people will rejoice and be glad that we are Americans.

Led by Mr. Williamson the audience sang "America" and was dismissed. A number gathered on the stage to greet the distinguished speaker and there were several whose fathers had graduated at Williams many years ago.

CITY HALL SHINES WITH NEW PAINT

When the new city council goes into office they will find the council chamber all freshened up with new paint. In fact, the work has already been done, as the result of the generous action on the part of a number of citizens. The sugestion came to a number of painters to do this work as a courtesy to the incoming administration and there was a ready response Monday night Joseph and John Mallen and the painters who have been employed by the firm, were busy with paint and brush in the council chamber, and by midnight the transformation had taken place. The walls have been done in cream color and the ceiling in white.

The group who did the work included Joseph and John Mallen, Harry Large, Alfred Coverly, William F. Tiff and William Snyder. All of these men generously co-operated in the work and were very willing to make this contribution to show their interest in the affairs of their city.

Graham Hardware Co., Johnson, Hackett & Guthrie and Brady Bros., contributed the necessary paint. The work needed doing and the council chamber is much cleaner and mort attractive because of the generosity shown.

RAYNHAM MAY HOP - OFF TODAY

ST. JOHNS, April 28—A cross-wind, sweeping at 25 miles an hour from the southeast, was the only thing which prevented "a hop-off in the trans-Atlantic flight of Captain Frederick P. Raynham in his Martinsyde seaplane today.

The British aviator and his navigator stood by their craft for three hours, ready to start at the first favorable shift in the wind, but abandoned hope at dusk.

It is believed here that tomorrow will see Raynham off as weather conditions are still holding good.

STORM SWEEPS BRITISH ISLES

LONDON, April 28—Following a period of perfect spring weather, one of the worst storms in some time raged over the British isles last night, covering the country with from four to six inches of snow. Telegraph and telephone lines suffered severely and communication is cut off in many directions from this city. Communication with the continent is interrupted.

Spring crops and young lambs suffered from the storm. Marine reports show that a few small ships were wrecked.

GENERAL MARCH AT CAMP GRANT.

Camp Grant, Ill., April 28.—General Peyton C. March chief of staff of the United States army inspected Camp Grant today. He started on his rounds of the camp early this morning. He spent considerable time with the overseas wounded men in the base hospital. General March will leave for Washington at 3 o'clock.

DIES FROM INJURIES.

Elgin, Ill., April 28.—Thomas Larkin, itinerant who threw himself in front of a train here last week, while under the influence of liquor died at the county jail in Geneva yesterday. He virtually hiccoughed himself to death. The immediate cause of his death, however, according to the coroner's jury was cerebral hemorrhage. The man had hiccoughed almost constantly since he was taken to jail Friday.

REACH AGREEMENT.

Toledo, April 28.—Twenty-five hundred striking employes of the Toledo Ship Building Co., who walked out Wednesday because 30 negroes were hired returned to work today. Neither the company nor men would discuss terms of settlement.

Work immediately was resumed on 15 ocean freighters for the federal shipping board.

With the Sick

Early yesterday it was reported that Harold Johnson was not expected to live but later reports were more encouraging and the hope was that a favorable turning point had been reached.

Austin Cain is seriously ill at Our Savior's Hospital.

William Hayes who has been ill for some time is reported as greatly improved.

George H. Busey of the Merrill Abstract Co. office, who was taken suddenly ill at the court house Saturday, was able to resume his work Monday. Ptomaine poison was Mr. Busey's trouble.

John N. Joaquin, for so many years an employe of the Journal Co., is confined by illness to his home on Spaulding Place.

The condition of Harold J. Johnson, who has been ill for a number of days, was such yesterday as to cause his friends great alarm. During the day some improvement was noted and last night his symptoms were considered more favorable than they had been during the day.

Funerals

Kackman.

Funeral services for Mrs. Louisa Kackman were held from Salem Lutheran church at three o'clock Sunday afternoon in charge of the Rev. J. K. Kuppler.

Music was furnished by the choir of the church. The flowers were cared for by Miss Fannie Mutchman and Mrs. Deem Rapp.

Burial was in Jacksonville cem Wiegand, Phillip Schulz, Wil-Wiegand, Phillip Schulz, William Brune, William Batz, Christian Walker and Chris Henze.

BIRTHS

Born Saturday to Mr. and Mrs. Wm. F. Scholfield, of near Lynnville, a daughter, Shirley Irene. Mrs. Scholfield formerly was Miss Edith Colton of Woodson.

ARRIVED FROM OVERSEAS

Word has been received by relatives here of the safe arrival of Fred A. Carter from overseas.

BACKACHE IS DISCOURAGING

But Not So Bad if You Know How to Reach the Cause

Nothing more discouraging than a constant backache. Lame when you awaken, pains pierce you when you bend or lift. It's hard to work or to rest. Backache often indicates bad kidneys. Jacksonville people recommend Doan's Kidney Pills. Read this case:

Mrs. M. J. Scovill, 902 Hackett Ave., Jacksonville, says: "Two years ago I was down with my back and it was a job for me to get through with my housework. I also had blinding, dizzy spells and my kidneys acted irregularly. I heard Doan's Kidney Pills were good, so I tried them. They were not long in curing me. Since then I have had no kidney trouble."

These Durable Soles Cut Shoe Bills Down

"For use around cement plants and similar places where rough materials grind down soles quickly, I recommend Neolin Soles. They resist wear surprisingly. After working around the clinker department long enough to wear out two pairs of ordinary soles, my Neolin Soles are still as good as new," writes A. F. Miller, superintendent of The Peninsular Portland Cement Company plant in Jackson, Michigan.

It is remarkable how tough and durable Neolin Soles are. They are made so by Science—comfortable and waterproof, too. They come on new shoes in many styles for men, women, and children, and are available everywhere for re-soling. Wear them, and cut your shoe bills down.

Social Events

Gave Reception For Mrs. Palmer.

The home of Mrs. E. E. Crabtree was the scene of a delightful social event Monday afternoon, when Mrs. Crabtree gave a reception in honor of her guest, Mrs. Earl Palmer of Memphis, Tenn. The house was prettily decorated for the event, a profusion of spring flowers being used with handsome effect. Roses and iris were used in the dining room, with lilacs in the hall and living room. Lilies of the valley and tuips lent their charm to the dining room. Decorations of Easter lilies were employed in the library. Randall's orchestra furnished a most delightful program during the reception hours from 4 to 6 o'clock.

Those who assisted Mrs. Crabtree in entertaining were Mrs. J. T. King, Mrs. F. J. Waddell, Mrs. F. J. Heinl, Mrs. Barr Brown, Mrs. F. J. Andrews and Mrs. Garm Norbury. Assisting in the dining room were Mrs. A. B. Applebee, Miss Gertrude Ayers and Miss Grace Carter. Following the reception those who assisted were entertained at dinner by Mrs. Crabtree.

CARD OF THANKS.

We wish to extend our thanks to friends and neighbors for their assistance, and floral offerings at the death of our mother.

Miss Adeline Kackman.
Mr. Henry Kackman.
Mr. William Kackman.

COLUMBUS HAIRGROVE TO OBSERVE BIRTHDAY

Long Time Citizen is 91 Years Old Today—Born in Georgia.

Columbus Hairgrove one of Jacksonville's oldest and most highly respected residents will celebrate his 91st birthday today.

No elaborate preparations have been made but Mr. Hairgrove will spend the day quiety at his home and no doubt will receive the congratulations of his many friends.

Mr. Hairgrove was born in Troop county, Georgia and even in that state it was the pioneer period at that time.

He came to Jacksonville in 1850 and hence has been a resident of this city for nearly seventy years. He helped build the first building of Jacksonville hospital and has seen many changes in Jacksonville since he became a resident.

When the civil war started he enlisted in the Union army and served faithfully thruout that great conflict. For one of his years he is in remarkably good health, his greatest ailment being deafness which has come upon him thru the years.

He has two children, Dr. J. W. Hairgrove and Miss Josephine Hairgrove with whom he resides at his residence at the corner of East Morgan and South East streets. These children are devoted to their aged parent and do everything possible to make his declining years, ones of ease and comfort.

The long baking of **Grape-Nuts** makes it easy to digest. It's rich in nutritive values.

The Minneapolis Symphony Orchestra will be in Springfield Thursday, May 1st, at State Arsenal. Afternoon performance 3:30. Evening, 8:15. Tickets $1.00. No reserved seats.

FAMOUS BARITONE WON HIGH HONORS

If Charles W. Clark, Chicago baritone of world wide fame who appears here tonight were to appear on the street wearing all the medals he has won, one might think in these days he were some warrior of extreme distinction decturned from the front with all the decorations possible for a soldier to attain.

Most of the medals, it happens, were presented by the French government too, but they were for honors won in music instead of on the field of battle. Mr. Clark had the distinction of being the first American to be engaged by the National Conservatoire of France in seventy-six years of its existence.

The method of engaging artists for the Conservatoire concerts was rather unusual. Applicants were heard from behind a screen and Mr. Clark was chosen from among a number of French artists and was complimented particularly for the purity of his French diction.

His engagement with the National Conservatoire for four concerts opened to him every concert platform of France. He sung on numerous occasions during his twelve years in France for the Philharmonique Societe of Paris.

VICTORY LOAN FUND PASSES HALF WAY MARK

Subscriptions for First Week Total $663,050 — Chairman Capps Hopes to Finish Job This Week.

SUBSCRIPTIONS FILED WITH BANKS IN SIX DAYS.

Totals	$663,050

Saturday subscriptions to the Victory Loan fund amounted to approximately $140,000, so that Chairman H. M. Capps, of the county committee was able to announce last night subscriptions for the first week totaling $663,450.

The allotment for the county is $1,365,900, so that the subscriptions amount to almost 50 per cent. This is not quite as large as total as the chairman and his assistants had hoped to announce on the last day of the first week, but there are some delayed reports and the showing made is really excellent, and at any rate Morgan County is keeping up with the rest of Illinois. Such subscriptions are in prospect and the work will see the completion of the campaign and the full allotment secured.

The members of the organization are finding the people interested and that aside from the matter of loyalty they appreciate the splendid investment opportunity that the bonds offer. A four and three quarters per cent investment, free from all general taxation, is very alluring to men and men with a few thousands to lend and there is the added fact that the notes are payable in the course of four years, a period which to some investors is more satisfactory than if the bonds were required to run for twenty years or longer. The organization work is well in hand and interesting reports are expected every day this week.

PROMINENTLY CONNECTED

Mention was made in Friday's Journal of the marriage here of Mr E. M. Whaley, of Baltimore, Mr., and Miss Helen Crain of Roodhouse. The ceremony was performed by Rev. J. F. Langton, rector of Trinity Episcopal church, the ceremony taking place at the home of the bride's grandmother, Mrs. J. B. Crews, 645 South West street. Jacksonville friends of the young people have since been informed that Mr. Whaley is prominently connected, as he is a second cousin of President Wilson. He had interesting war experiences, as he was with the first U. S. troops who landed in France. He was wounded in action and was discharged after five months' service overseas.

DIED IN TALLULA

R. A. Wilson, for a number of years a resident of Tallula, died there Sunday. The deceased was at one time in chare of the savings department of the Peoples' bank in Bloomington and subsequently had an important position with a well known Chicago Banking concern. He was a graduate of Northwestern University and soon after finishing his university course entered into fiancial work. For a number of weeks past he has been at his old home in Tallula, where his death occurred.

Mr. Wilson is survived by two brothers, C. C. Wilson, a banker of Chicago and Howard T. Wilson, a banker of Virden. He leaves also one sister, Mrs W. A. Shastid of Pittsfield.

MISS EPLER IS BRIDE OF LIEUT. R. E. WELLS

Marriage of Miss Araminta Epler Former Jacksonville Resident, Occurred at Los Angeles, Cal. —Will Reside in Salt Lake City.

A Los Angeles paper of recent date contained an account of the wedding there of Miss Araminta Epler, who was at one time a resident of this city, and Lieut. Ralph E. Wells, Jr., of Los Angeles. The marriage occurred at St. John's Episcopel church Monday, April 21, and was a beautiful and impressive service. Dr. George Davidson, rector of the church, read the service at noon, and the wedding party stood before an altar massed with Easter lilies and bride's roses, ferns and palms.

The bride was gowned in a beautiful creation of white satin with trimming of Duchesse and rose point lace, made en train. She wore a tulle veil, crowned with a coronet of Duchesse lace which is an heirloom in her mother's family. The bridal bouquet was of white orchids.

The maid of honor was Miss Grace Wells, sister of the groom, and she was attired in an orchid colored Georgette crepe gown, with picture hat of orchid tulle. She carried a bouquet of lavender orchids.

Charles W. Adams of Salt Lake City was the best man and the ushers were J. Franklin Epler and Myron Epler, brothers of the bride; Lieut. Howard H. Wells and Ensign Robert H. Wells, brothers of the grood. All were in uniform, thus lending a pleasing military aspect to the marriage service. Mrs. Helen Brown Read, a cousin of the bride, sang with fine effect "Love It is Mine."

A wedding breakfast for the bridal party and members of the two families was given at the Wells home immediately following the ceremony. The wedding dinner was given by Mr. and Mrs. Epler at the Hotel Darby on Saturday evening. For this occasion the tables were decorated with yellow roses and the effect was indeed charming.

The bride is a daughter of Mr. and Mrs. Edward Epler. She is a young woman of much personal charm and grace and is quite popular in the social circles of the western city which is her home. The broom is a son of Mr. and Mrs. Ralph E. Wells of Westmoreland Place, Los Angeles. He is a graduate of the Boston School of Technology and altho a young man has been very successful in his chosen career.

Following a trip to Santa Barbara and San Francisco Lieut. and Mrs. Wells will reside in Salt Lake City.

DR. ARTHUR LOVING HERE

Dressed in a fine Y. M. C. A. army uniform a former citizen of Jacksonville, an alumnus of Illinois college and an all around fine gentleman named Dr. Arthur Loving of Rockford spent a few hours in the city yesterday calling on old time friends. The gentleman entered the service of the society in August but was not regularly inducted until Nov. 24. He was first sent to the receiving department at Hoboken where it was the duty of himself and associates to receive and look after the welfare of returning soldiers in every way possible. They remained with the boys seeing them off to their camps, attending to their wants as far as possible and bestowing much needed and valuable assistance. Dr. Loving accompanied two troop trains to Camp Grant and then went overseas Feb. 14th landing at Liverpool. While abroad he had an opportunity to visit London, Chester, Stratford on Avon, Paris and Havre.

He was sick with the flu a while in Paris but not long. He had in France an opportunity to visit Chateau Thierry, Belleau Wood and some other places of note and then sailed from Brest April 17th arriving in Boston April 27th. He had accompanied a troop train to Des Moines and on his way home at Rockford he came around this way visiting yesterday with a niece, Miss Adelia Roberts of the Woman's College. He left in the evening for Virden where he has two sisters and then expects to return home to renew the practice of his profession. He had with him and showed with pardonable pride a picture of his wife,, formerly Miss Lottie Fox, so highly esteemed here, and three children, a son 17 and two daughters aged 15 and 13 respectively. He is also a cousin of Mrs. F. M. Coard. Dr. Loving has many friends in the city and no young lady was more popular wherever she was known than Mrs. Loving.

A LONG WAY AROUND

A few weeks since the Journal noted receipt by Mrs. Herman of some highly prized pictures sent her by her nephew, Harry Siff, then stationed at Coblenz, Germany. A copy of the Journal containing the item was noticed by a young lady in New Mexico and she cut it out and sent it to Mr Siff and he in turn forwarded it to his aunt who received it yesterday.

CITY COUNCIL HELD LAST REGULAR MEETING

Body Passed Several Ordinances and Transacted Routine Business—Adjournment Taken to Wednesday Afternoon.

The last regular meeting of the present city council was held in the council chamber Monday morning at 10 o'clock with all members present, Mayor Rodgers presiding.

After the transaction of routine business the council adjourned until Wednesday afternoon at 4 o'clock when it it expected that all claims will be approved and the business of the adminstration closed.

An ordinance for the building of sidewalks in Sandusky street on both sides of the street from West Lafayette avenue north to Walnut street, and the ordinance for paving East Morton avenue from Hardin avenue east 1,000 feet were given second readings and adopted.

The Proceedings.

The minutes of the last regular and adjourned meetings were read and approved. The records of this meeting were made to show that the flagstones in front of the Batz building and the building owned by the Kirby estate were not included in the condemnation motion made at a previous meeting.

A petition from property owners asking the council to change the kind of brick to be used in the paving of the tracks of the Street Railway Company in East State street was read. Commissioner White seconded by Commissioner Vasconcellos moved that the petition be granted insofar as it does not conflict with the court proceedings. The motion carried.

Commissioner Vasconcellos reported that two coils in the dynamo operating the one million gallon pump had burned out and Engineer Stoldt was repairing the same.

The ordinance providing for a sidewalk on both sides of Sandusky street from West Lafayette avenue north to Walnut street was given second reading and adopted.

A second reading of the ordinance providing for the paving of East Morton avenue from Hardin avenue east 1,000 feet, was had and the same adopted by a unanimous vote.

Commissioner Martin said that there was a balance in the Plumbing Examiners' fund and moved that it be transferred to the general fund. Commissioner Widmayer seconded and the motion carried by a unanimous vote.

The contract and the bond of Otis Hoffman in the sum of $5,000 with O. F. Buffe and W. G. Goebel as sureties for the building of certain sidewalks was presented and approved and ordered placed on file.

The contract and bond of the John T. Walbridge Engineering Company for building the dam and spillway in the sum of $28,700 was presented and approved and placed on file.

On motion of Commissioner White seconded by Com. Widmayer the council adjourned to Wednesday afternoon at four o'clock.

Hospitaller Commandery No. 31, K. T., will hold a special conclave this afternoon at 3:00 o'clock. Work. Supper. Visiting knights welcome.

John R. Phillips, Rec.

THREE GENERATIONS IN ONE STORE

Not many places of business can boast of three generations actively engaged in business within its precincts but such is the case at the shoe store of Hopper & Son. The first Mr. Hopper is seemingly as wide awake and active as any of his sons though it is possible they might outdistance him in a long footrace. Then his oldest son, Thomas, the capable member of the board of education, represents the second generation while Harold, son of Thomas, assists in the store Saturdays and at other odd times.

It is said that one time when a boy was receiving punishment from his father he appealed to his grandfather to save him from that middle man but Mr. Hopper stoutly insists his son wasn't the one and he is doubtless right.

INTERESTING EXERCISES

The Sunday School class of the First Baptist church composed of pupils from the School for the Blind had charge of the opening exercises at Sunday school Sunday morning and gave the following splendid program:

Scripture reading — Dorothy Cronk.

Violin solo, "The Brook"—Celia Atkinson.

Accompaniment—Edna Atkinson.

Recitation, "Service" — Helen Rain.

Song, "Just for Today"—The class.

The class is taught by Mrs. G. H. Kopperl and is very interesting. The efforts of the young people and their teacher were much enjoyed.

MRS. WILSON WILL LEAVE CONSERVATORY

Head of Vocal Department of Illinois Conservatory of Music of Illinois College Tenders Resignation to Trustees—Will Be Succeeded by Charles H. Keep.

Some time ago Mrs. Genenieve Clark Wilson, head of the vocal department of the Illinois College Conservatory of Music, tendered her resignation to the trustees. The trustees greatly appreciate the services which Mrs. Wilson has rendered to the Conservatory during the years that she has been connected with the faculty that department and deeply regret that she has decided to take up work in another city. They have appointed to succeed Mrs. Wilson, Charles H. Keep, now head of the vocal department in Bethany College, Lindsborg, Kansas. Mr. Keep will come to Jacksonville in order to appear as the soloist in the annual chorus and orchestra concert which is to be given on the evening of Friday May 23rd. The chorus will give on that occasion Hiawatha's Wedding Feast, by Coleridge Taylor.

Mr. Keep is an Englishman by birth, and received his early musical training in England In his boyhood he was soloist at Saint Anne's church London; he has studied with such teachers as Gregory Hast, Thomas Blackburn, Alberto Randeggar and in this country with Mrs Skinner and Julius W. Meyer. H has held numerous church positions in the United States, including that of soloist at Christ church, Brooklyn and a position with the choir in the Cathedral of Saint John the Divine in New York. Mr. Keep was for a time a member of the Musical Art Choir, under Walter Damrosch, in New York, which was considered a signal honor as only sixteen tenors were chosen from the entire city of New York. He was also for a time a member of Kurt Schindler's special choir. At Bethany College Mr. Keep has conducted a large chorus which has won considerable distinction by its work in Kansas. It is expected that Mr. Keep will have charge of the chorus in the Conservatory and that he will also organize a glee club among the College boys.

Ruth Duncan has recently resigned her position as teacher of elementary piano in the Conservatory. It will be recalled that announcement of Miss Duncan's engagement was made a short time ago. Miss Duncan expects to be married in the near future. She leaves behind her at the Conservatory a record of unusually successful work. The trustees have appointed to this vacancy Miss Hazel Belle Long. Miss Long is wel known to the music teachers and students of Jacksonville. After graduation at the Illinois Woman's College she took post-graduate work at the Peoria Musical College and at the Illinois Conservatory of Music.

PHILADELPHIA, April 28. — Brooklyn continued its winning streak today by a ten-to-one victory over Philadelphia. The visitors clinched the contest in the first inning by three runs on hard hitting, continuing it in the second and driving Prendergast from the box.

Pfeffer held the Phillies safe except in the sixth, when Baird made a home run.

Score by innings:
Brooklyn 320 011 021—10 16 0
Phillies . 000 001 000— 1 9 1
Pfeffer and Krueger; Prendergast, Woodward and Adams.

Giants Win

Boston, April 28.—Burns made a single, a two bagger and a three bagger in five times at bat, and was largely responsible for New York's win from Boston, 5 to 4, today. His catch of Wilson's long drive in the eighth, with three men on base, shut off Boston's runs. The Braves rallied in the ninth, but could not overcome New York's lead.

Score by innings:
New York 002 010 020—5 8 1
Boston . 000 100 003—4 11 4
Causey, Benton and McCarty; Rudolph and Wilson.

Washington 002 000 120—5 8 1
Mays and Schang; Johnson and Agnew, Picinich.

Yanks Win First

New York, April 28—New York won its first game of the season here today, defeating Philadelphia in 12 innings, 3 to 2.

The hitting of Vick, a New York youngster, turned the tide for New York after Philadelphia let up in the eighth inning.

Pitcher Perry struck out five times, three times by Quinn and twice by Shawkey.

Score by innings:

Its 12 Wonderful Ingredients Simply Make You Over

There are remedies which act on the liver; remedies which help the nerves; remedies which influence the stomach and intestines.

But never before has such a remedy as Flaxolyn been compounded.

It acts on the stomach, the large and small intestines, the bladder, the kidneys, the stomach, the liver, the lungs, the nerves.

It gives the human machine a general overhauling.

You begin after the first few doses to feel like a new person.

Flaxolyn is a powder and extremely convenient and easy to take.

It can harm nobody. It contains no drugs to form habits, no alcohol to stimulate.

Dr. H. H. Luntz, the well known Alsatian physician, spent 20 years developing the Flaxolyn formula. He broke his health down. Was stricken with nervous collapse. His own remedy, Flaxolyn, cured him. This is one of the rare cases where a doctor took his own medicine.

There are 30 Flaxolyn powders in a package. Take one powder in a wine glass of water 30 minutes before each meal. Stir slightly until dissolved.

WM. F. SCHAARE, M. D., *Professor of Surgery in the Chicago College of Medicine and Surgery*, says:

Kindly find enclosed endorsement of the merits of your Flaxolyn. It has been clinically and therapeutically tested and we find it corresponding to your claim. I have taken two ounces of it myself and some of our students of the College of Medicine and Surgery, have also taken it and they say it is the most normal laxative that medical science can compound.

FLAXOLYN is relieving thousands from

Nervousness	Constipation	Diarrhoea
Sleeplessness	Kidney Complaints	Painter's Colic
Indigestion	Torpid Liver	Tired Feeling
Stomach Trouble	Backache	General Rundown Condition
Headache	Gall Stones	

DEDICATION OF DURBIN CHURCH HELD SUNDAY

Sermon Delivered By Bishop Quayle—Fine Program of Addresses and Musical Numbers—Entire Church Debt Raised.

Although the weather was so unfavorable a great throng gathered to enjoy the exercises preceding the dedication of the new Durbin M. E. church. Present and former pastors were present, district superintendent and, greatest of all, the original and only Bishop Quayle. Modest and unassuming, cordial in meeting persons in every walk of life, orator, preacher, organizer, humble Christian, he stands without another like him. Like the late Uncle Dick Oglesby, he can say things which people applaud and enjoy and yet if any other person said the same things they would be condemned.

Several times during his dedicatory sermon he made his audience laugh yet no one for an instant felt that the sanctity of the occasion was lessened, but if any other preacher had done it he would have been severely criticized to say the least.

The program was richly varied by several vocal solos rendered in a highly cultivated manner by Mrs. Katharine Schroll of St. Louis.

Saturday Evening.

A fine audience gathered Saturday evening to enjoy a piano solo from the opera "Martha" by Miss Lois Willard, a vocal solo, "Dream of Paradise" by Mrs. Schroll, a violin solo, "Evening Star" by Dawson Darley. This young gentleman shows superior talent with the difficult instrument he handles and his playing is always enjoyed. The event of the evening was an address, "Reconstruction of a World," by Bishop Quayle and was a neffort worthy of that distinguished divine. He narrated in a glowing manner the events of the great war and then drew a vivid picture of what this world would be reconstructed along the lines laid down by the Man of Galilee. It was a powerful effort and made a deep impression.

Sunday Morning.

A packed house gathered Sunday morning and all who came were well repaid for the effort. The audience room was beautifully decorated with flowers and house plants while a large U. S. flag was draped over the pulpit. The pastor, Rev. Harry Willard, presided and asked former pastor, Rev. G. W. Kettle to offer prayer. Dist. Supt. Rev. E. L. Pletcher read portions of Scripture.

A beautiful feature of the occasion was the greeting tendered the surviving charter members, Thomas and Emily Eutrikin, Hannah Jones Meredith, Fanny Kirby, Anna Deere Criswell. First the audience rose and then sat while the aged saints stood up and the bishop, district superintendent and pastor each in turn grasped their hands; a beautiful bouquet was presented to each of them and "Blessed be the Name of the Lord" was sung.

Mrs. Schroll sang, "Open the Gates," the audience sang and then Bishop Quayle delivered the dedicatory sermon of which only a small outline is practicable. It was a grand effort worthy of the distinguished speaker. He took for his text the words of Paul in I Cor. XV-3.

"I delivered unto you that which I also received."

These are the words of the Rev. Paul, the first Methodist preacher who had Palestine for a circuit. He was one of the mightiest thinkers the world ever knew. He moved the whole current of human thought and went around shaking hands with the members. One of the sweetest things in preaching is the preacher. The preacher has the sermon in him and when it is out he is left. It is fine when the people say they are glad the preacher has come and not when he has gone.

The women and children loved Paul. The women would leave their dishes unwashed to be near him. You know they all say they like to wash dishes but they don't. Paul said of his sermon that he didn't make it but he gave what was delivered to him. A good many men want to be original and think it is smart but very few truly are. The true man is thrilled by the mighty thoughts handed down through holy writ and the history of the ages. Great as was Paul he said he gave what was given him. What is the glory of this day? We got it from above. Our glory is the gospel of God. This church and all that pertains to it is sanctified to that glory.

Old Gospel Best.

We are always looking for some new trouble. We used to have consumption which took a deadly toll; now it is tuberculosis but it kills just the same. The women must have a new, late fashion spring hat even if the old one is far more handsome and I want them to have what they want. In my family I want what the woen want and I get along that way a great deal better.

Nowadays so many want a new gospel—but the old one is better. Adam had the old gospel but he didn't have a stiff backbone. A good many have that trouble which is all unfortunate for them. We do not want a new theology but a true theology.

This is what will save the world; that theology which brings sweetness and love to mankind; which makes the lowly and humble the recipients of the purest and greatest gift to man. Which teaches kindness and forbearance; the rescue of the perishing and lost and scattering of smiles and blessings to all in need.

Love is Greatest Word.

That is the theology with which we want to fall in love. Love is the greatest word in our language. Girls fall in love today just as their mothers did before them. I wouldn't shake hands with a man that didn't know how to love.

Love is celestial, from above; sweet and pure. Some say it is a pity so many don't marry and some say it is a lottery; some women say they didn't act wisely getting married but if left alone they are ready to try it again. God meant it so. I pity the lone man or woman. The dearest sight in the world is the man with one arm about his wife and the other about the baby. Yes it is old; old as man but lovelier as the years go by.

God bless the Christion home

ILLINOIS WOMAN'S COLLEGE

Dr. Harker left Friday night for Cleveland, Ohio to attend a special session of the Board of Education of the Methodist Episcopal church. The educational interests of all denominations concerned in the Inter-church Movement will be considered. Representatives of the several educational boards will be present.

Mr. A. C. Metcalf is in Chicago attending the annual session of the College Registrar's Association.

The program rendered at the meeting of the American Guild of Organists was greatly appreciated. It is a matter of satisfaction to have had the association meet at the Illinois Woman's college two years in succession.

Miss Cordelia Randolph, '19, was called to her home at Jerseyville, Illinois by the death of her aunt, Miss Elizabeth Prothero. Miss Mabel Weiss, '19, Miss Bess Seward, '19, and Miss Grace Harris, '20, attended the funeral service which was held on Wednesday.

Miss Frances Underwood, '21, returned to her home in Morris, Illinois for a week's resuperation.

The recital to be given on Tuesday, April 29th, by Mr. C. W. Clark is expected to be one of the delights of the year. It is hoped that there will be a large representation from Jacksonville in attendance.

Preparations are well underway for the May Day exercises to be given May 12th.

Miss Janette Powell, Instructor in the School of Expression was one of the judges Monday night at the Expression contest at the Jacksonville High School. Friday night she acted in the same capacity in Virginia, Illinois.

Miss Margaret Constance, Director of the School of Expression left Saturday morning for Iliopolis where she was one of the judges in the Expression contest.

Mrs. William Finley Brown of Jacksonville recently presented the Library with twelve volumes which were much apreciated.

Sorrow has come to the College during the past two weeks by the death of two of her Alumnae: Mrs. Frances Scott Huxtable, '06, and Mrs. Mottie Brown Dinwiddie of the class of '04.

Miss Blanche Hogan has returned to Canton having been visiting friends and relatives in the city.

LEMON JUICE FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter-pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates. —(adv.)

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Freezone costs but a few cents at any drug store, hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation, but is sufficient to remove every Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.—Adv.

"DANDERINE" FOR FALLING HAIR

Stop dandruff and double beauty of your hair for few cents.

Dandruff causes a feverish irritation of the scalp, the hair rotts shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of "Danderine" at any drug store for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair stops coming out and you can't find any dandruff. Your hair appears soft, glossy and twice as thick and abundant. Try it!

7 A DAY FOR 7 DAYS

If Your Nerves Are Shaky Because of Over-Indulgence in Tobacco or Alcohol or by Excess of Any Kind, Bio-Feren is What You Need Right Away.

Don't grow old before your time, don't let nervousness wreck your happiness or chances in life. The man with strong, steady nerves is full of vigor, energy, ambition and confidence.

You can have nerves of steel, firm step, new courage and mind by putting your blood and nerves in first-class shape with mighty Bio-Feren, a new discovery, inexpensive and efficient.

Men and women who get up so tired in the morning that they have to drag themselves to their daily labor will in just a few days arise with clear mind, definite purpose and loads of ambition.

All you have to do is to take two Bio-Feren tablets after each meal and one at bedtime—7 a day for 7 days—then reduce to one after each meal until all are gone.

Then if your energy and endurance haven't doubled, if your mind isn't keener and eyes brighter, if you don't feel twice as ambitious as before, any druggist anywhere will return the purchase price—gladly and freely.

Bio-Feren is without doubt the grandest remedy for nervous, rundown, weak, anaemic men and women ever offered and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

FASCINATING TEETH

How Every Woman Can Quickly Charm Her Friends With Lovely Teeth, Clean, White and Brilliant

If you want the cleanest of white teeth and healthy gums free from disease, an easy and quick way to get both is to use a tooth paste so effective and perfect that astonishing results usually come in a week's time.

And the cost is so little. Just go to any drug or department store, and get a large tube of SENRECO TOOTH PASTE for 35 cents.

Not only will it make your teeth clean and white, but it will at once remove any filmy coating, help to check the ravages of Pyorrhea and banish acidity in the mouth.

It is used by thousands of dentists and its sale has been remarkable. When you visit your dentist, which you should do at least twice a year, ask him about SENRECO. It's a most delightful and refreshing tooth paste.

WEAKNESS DEVELOPS IN CORN MARKET

Due to Large Receipts of Grain—500 Carloads of Corn Moved to Chicago—Oats Also Weakens—Provisions Down.

Chicago, April 28.—Pronounced weakness developed in the corn market today owing to a considerable extent to the fact that receipts here were the largest for some time. Prices closed heavy, 1 3-4c. to 43-8c. net lower, with July $1.65@1.65 1-4 and September $1.62 1-4 to $1.62 1-2. Oats lost 5-8c. to 1 3-8c. and provisions 12c to 65c.

Estimates of the number of carloads of corn that arrived in Chicago today put the total at about 500, and it was said that the crop movement was likely to continue a while to be generous. Hedging sales togetaher with liquidation by holders resulted, and forced the market downward during most of the day.

Notice that the federal food director had called a meeting of the milling and grain trade to discuss the general situation was construed by many traders as bearish.

Oats weakened with corn.

Provisions were depressed by the declines in both grain and hogs.

CHAPIN PRECINCT S. S. CONVENTION

Unfavorable Weather Conditions Did Not Prevent Holding of Scheduled Meeting — Officers Chosen for Coming Year.

Despite the rain and muddy roads, the Chapin precinct Sunday school convention was held Sunday afternoon as announced.

Weather conditions kept several of the speakers away but the convention was neverless, a successful one. Acting President C. G. Cantrell presided, and the following were among the speakers present: Charles H. Story, C. O. Bayha, Mrs. Chares Hopper and Wayne Gard. The flag drill executed by twelve Chapin girls was an interesting part of the program. A reading by Catherine Frye was also the subject of many compliments.

Precinct officers for the coming year were elected as follows:

President—Fred Schulz.
Secretary—Monite Funk.
Treasurer—Isabel Fox.

Port Way, president of the [illegible] Association, is planning to hold a similar convention May [illegible].

MANY STOCKS MAKE SUBSTANTIAL GAINS

Note of Caution revaded Market—U. S. Steel the Predominating Factor of Day—Liberty Issues Improved Total Sales $11,675,000.

New York, April 28.—A note of caution prevaded today's stock market, but the absence of fresh complications in the foreign situation of the revised league of nations covenant furnished the incentive for another broad movement, encompassing many substantial gains.

As is usually the case on the eve' of the quarterly meeting, the course of United tateSs Steel was followed with keen interest, but after uctuating within extremely narrow limits, steel closed at a large fractional loss.

The market's course was main ly guided by oils and so-called rails. Royal Dutch issues made net gains of 7-14 points, Texas company 9 1-2 and Sinclair 3 3-4 while Mexican Petroleum rallied over five points from its heavy opening.

Minor rails were prominent, but failed to retain more than part of their 1 to 3 12 point rise and investment rails reacted moderately, but shippings, American International excepted, reflected a revival of interest.

Independent steels were hesitant, but related equipments strengthened under influence of Crucible, Pennsylvania, Seaboard and American and Baldwin locomotives. Sales amounted to 1,500,000 shares.

Liberty issues were improved. Total sales (par value) aggregated $12,675,000.

(Continued from page 8.)

where His name is revered; where love rules and each lives for the other in sweet accord fulfilling their duty to the family and mankind. The home is the bulwark of the nation.

This truth is as old as man. I don't want the theology John Calvin or John Wesley made; I want the theology of Christ, sweet, holy and good.

Man Made Theology.

Man made theology is poor. Man can make a suit of clothes but he can't make the sky. He can cut the Panama canal but he cannot drain the Atlantic ocean. I have visited Lake Itasca and waded across the little stream flowing from the mountains; I have followed it on down and down till it widened out into the mighty and majestic Mississippi river and so from humble beginning have grown the mighty enterprises which today encircle the world and are winning it for Christ.

I look aloft at night and see the starry heavens declaring the glory of God and the firmament showing His handiwork. I do not know how many stars are there; I do not know how many drops are in the ocean nor how many grains of sand along the shore but my Father knows and has them in His keeping and He has promised me that He will care for me and some day I shall know these other things.

God's Theology Will Save World

I saw a lovely young woman starting for far away India and I asked her if she didn't shrink from the journey but she said no; her husband was going with her. I travel thru many devious ways and meet many vicissitudes but my Father is with me. His truth upholds me and His theology will save the world, eliminating anarchy, Bolshevism and atheism and all the ills that torment mankind.

It is our guide in trouble and distress and will be the leaven which will leaven the whole world. How differently men regard death. The unbeliever feels he is falling into an unfathomable abyss where darknss and things unknown abide.

The Christian doesn't say farewell to his loved ones leaving this world; it is only for a little while; they are embarking now but will come on the next boat. Some time we too shall walk the streets of gold along with the blood-bought throng and sing the song of redeeming love. I know that Paul is there and all the blessed host who have gone before and I shall see them and, best of all, I shall see Him who loved me and gave Himself for me.

The Debt Paid.

The bishop then proceeded to say that a cyclone had tried to play a big joke on this church, twisting it and demolishing it and now in turn they had played a bigger joke on the cyclone in this new and beautiful edifice. The first meeting of this society was in a log house and the quarters had gone on improving till we see this fine edifice.

It cost $13,000 and there is due on it $6,050, and he said he wanted to raise that in twenty minutes, $300 to the minute. Solicitors were started out among the congregation and in nineteen minutes B. F. Rawlings, secretary, announced $6200 pledged. Dedication followed and then came dinner.

The Dinner.

A picnic lunch of sandwiches and water had been expected by some but instead the good ladies of the church and congregation had prepared a hot meal, escalloped oysters, baked beans, home made bread and delicious butter, pies and cakes and all manner of good things. The throng was great but there was plenty for all.

Afternoon.

The afternoon program was changed somewhat. "Coronation" was sung, addresses by pastors Kettle, Gilmore and Willard were heard, testimonials from charter members and others given. "Recognition" was sung by Mrs. Schroll and quarterly conference was conducted by Mr. Pletcher.

The Building.

The building is a fine structure of brick. J. B. Martin, East Liverpool, Ohio, was the architect and builder. It is supplied with handsome stained glass windows, and imposing entrance and neat finish. It is 40x58 feet on the ground with oak finish above and hard pine below. It is heated by a furnace and lighted by electricity. The walls are tinted and handsomely decorated. The basement is concreted and supplied with cook stove and facilities for all manner of good times.

Historical.

The church was first organized or started in 1860 when a Sunday school was conducted in a log school house standing on the spot occupied by the church. It was called Union Grove then and the first superintendent was Loom McCormick. Prominent in the organization was the renowned Stephen Paxson who was present and spoke at a picnic.

From this beginning a revival service was conducted in a grove just north of the school house by Samuel A. Fanning and James Gunn, local preachers, Newton Cloud, Alex and Jesse Gunn, well known ministers assisted and the meetings were largely attended and many converted. As a result a Methodist society called Central Point was organized with the following charter members.

Thomas Entrikin.
Emily Entrikin.
Benjamin Jones.
Joseph Jones.
Hannah J. Meredith.
Mary S. Oxley.
James Oxley.

The survivors are mentioned in the beginning of this account except Olive B. Jefferson and Frances Rawlings, not present on account of illness. Services were held in the log school house and later in a larger log house belonging to Helen Rawlings. Jarrett Seymour was the first class leader and Sunday school superintendent. Rev. John C. Hamilton served the church once a month. Wingate Newman was the first preacher sent by conference and under his ministry the first church was built and dedicated in 1862 and named Durbin in honor of John P. Durbin, missionary secretary of the M. E. church.

The pastor left to be chaplain of the 101st Ill. regiment right after the dedication. The church was built on land donated by Edward Rawlings and cost $800, most of the work being done by the members. Another was built later and was the one destroyed by the cyclone. The first trustees were William Leak, William Davidson, James and Edward Rawlings.

Other pastors have been Rev. Messrs. Wingate Newman, J. Lane, R. C. Norton, W. K. DeMotte, Newton Cloud., W. S. Clark, Walter Lange, Robert Clark, C. W. Bates, J. H. Dickens, J. C. Hobbs, A. HUDSON SUPER SIX
Wait for the New Hudson Super-Six Here Soon—Price $1975
Prompt Deliveries Assured Early Buyers—It is a Perfected Development of the Car You Know So Well
A new Hudson Super-Six is coming.
It reveals how four years' experience with 60,000 cars has enabled Hudson engineers to free it from many of the annoyances regarded as inevitable to all cars. It embodies the qualities which men said would make it the greatest car known.
It Is Worth Waiting For
Production on large scale is now under way.
Dealers will have their demonstrating cars within a few days.
You must not fail to see the new Hudson Super-Six.
Think of the history of earlier models. They have made a place in every branch of motor car use that has not been matched.
The first Hudson Super-Six, four years ago, increased motor power by 72% without added weight. It retained all the simplicity of the six. It minimized vibration.
Proved In A Thousand Ways
You remember how endurance was proved. Nothing to equal Hudson Super-Six records of performance had ever been known. Most of those stand today as achievements that no other car has been able to match.
But one thing those feats did, you perhaps do not know. They showed ways for development of subsequent models that find their expression in the new car soon to be offered.
Such a car could not possibly have come from any other organization. It takes years of experience to learn and develop the qualities we now offer.
The same engineers responsible for the first Super-Six have watched it in its service for 60,000 users and now offer the new Super-Six as the expression of their greater knowledge.
Isn't such a car worth waiting for?
Watch the papers for the arrival of the new Super-Six, then go see it.
The New Price Is $1975
Hudson production will be twice as large this year as last. Because of that the new price for the 7-passenger phaeton will be $1975.
Without the experience we now have such a car would have been impossible at an earlier time, regardless of the price at which it sold.
Still, as you know, the Super-Six has always been one of the world's finest cars. You hear that on all sides. It has led all other fine cars in sales.
There have never been enough to equal the demand. A like condition must surely obtain this year.
But those who buy early will get early delivery. They have the records of every Hudson Super-Six as an assurance of its value.
If you are on the point of buying a new car, go or telephone to your Hudson dealer. Perhaps he can tell you when you may see the new Hudson Super-Six.
